# SCOTTIE GO! DOJO PRINT-AT-HOME TILES - ESSENTIAL SET

Cut out the tiles below to compose programs for the Scottie Go! Dojo app. Every tile carries a unique code (D01, D02, D03, etc.). Putting two tiles with the same code in a single program is going to result in a scanning error. Find out more on our website www.scottiego.com

**BEGIN**
D001

END
D002

Scottie Go! Dojo print-at-home tiles were developed specifically for ease of use at home.

1. Print (in either color or grayscale mode) and cut out these tiles to compose and scan programs with the Scottie Go! Dojo app. Printing on thick paper or glueing the printout to chipboard may make the tiles easier to handle.
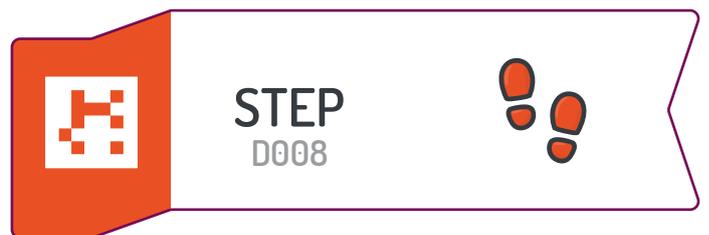

2. The tiles have different format and are not to be mixed with coding tiles in Scottie Go! box set. They will look differently - when you scan these tiles - on your devices screen.

3. Always start your program with the **BEGIN** tile and put the **END** tile at the end.

The **Scottie Go! Dojo** application on mobile devices and computers is available for download in **App Store** and **Google Play**.

Scottie Go! Dojo for 2-in-1 devices and **Windows PC** is available for download at: **www.scottiego.com/dojo/downloadApp**
